Global Workshops UNLIMITED

from: Yerevan Joseph Goldin

Dear Diana, I am sending to you a letter to maestro Rostropovitch from Armenian Minister of Culture, inviting him on a summit Global Space-Bridge along the lines of my 4-pages proposal I faxed some time ago). It would be great to send both proposal and this letter to Jeb Brugmann in Cambridge, adding that we'll approach Media Lab of MIT to develope a system of time-delay correction for global performances. Also I would appreciate if you send this proposal to Canada: ANTON Ljutic fax (514) 672 7360 Montreal and Nelson Thall (416) 369 0515, (416) 254 1207 (he is Mary McLuhan's managing director) so, brief her also that I am still performing in an Emerging Global Theatre. Today I am leaving for Moscow and hope to see you soon somewhere. Ask Jack to answer via teleport if there is any response from GTE. I am meeting with top experts next week in L.A.
